

## AUGRABIES FALLS REST CAMP: MAP AND DIRECTIONS

## DIRECTIONS

*Augrabies Falls is located in a remote area of the expansive Northern Cape Province.*

Despite this many tourists are welcomed at the park every year due to its central location along the N14 highway which connects the north-eastern provinces with the west coast region. The park is also a favoured stop-over for travelers coming to or from the Kgalagadi Transfrontier Park.

### **BY AIR**

The closest national airport is located in Upington, 120km from Augrabies Falls NP. There are daily links between Upington, Cape Town and Johannesburg. Several hire care agencies are located at the airport and the city centre. There is a private landing strip only a few kilometers from the park: please contact Augrabies Falls if you require more information.
