EXPLORE:

Island hop, snorkel, laze in the warm Indian ocean or around the courtyard pool dreaming of dinner, prepared by your personal chef. Listen to the tinkle of ice, perched on the lip of the martini pool or to the slap of waves against fishing dhows while being massaged on the viewing deck. The choices and our contact list is endless. It's the perfect seaside holiday: a sprawling villa with extensive and enchanting hideaways.

VILANCULOS:

Vilanculos is well known as the gateway to the Bazaruto Archipelago and was one of Mozambique's first well known tourist destinations. With regular flights from South Africa and now improved road access, Vilanculos is fast becoming a popular destination with tourists and travellers alike. The town itself is only about 5km long filled with all the amenities needed to make your visit comfortable yet local. The airport is based on the outside of the town with flights arriving and departing on a daily basis. The Bazaruto Archipelago, a chain of islands strung out like a pearl necklace, is a protected National Marine Reserve (declared so in 1971) that lies parallel to the historical Mozambican channel. The archipelago consists of five islands; Bazaruto, Benguerra, Margaruque, Bangui and Santa Carolina also known as Paradise Island.

VILLA SANTORINI:

Villa Santorini is serviced daily with a full team to look after every need, including a chef and a villa management couple. There is secure undercover parking with electric fencing around the property, 24 hour guards and a gated entrance. A villa boat is available on request. Meals and local liquors are included. Children of all ages are welcome.

THE CHAPEL: The Chapel at Villa Santorini is a one bedroom villa, ideal for honeymoon couples or romantic getaways. Ocean facing with its own lounge, kitchen and dining room. A private pool and outdoor dining area on the patio. The Chapel is a perfect luxury escape.
